

CovidCheck

What applies to whom?

	 Unvaccinated and not recovered person	 Recovered person ¹ (less than 6 months)	 Person who received a 1 st dose	 Fully vaccinated person ² (less than 6 months)	 Fully vaccinated person ² (more than 6 months)	 Fully vaccinated person ² + booster shot	 Fully vaccinated person ² + recovered ¹
2G+		✓		✓	Test (RAT ³ or PCR ⁴) 	✓	✓
3G	Test (RAT ³ or PCR ⁴) 	✓	Test (RAT ³ or PCR ⁴) 	✓	✓	✓	✓

¹ Definition of “recovered person”

= any person who has recovered from a COVID-19 infection for less than 180 days since the positive PCR test.

² Definition of “fully vaccinated person”

= any person who has received one of these vaccines:

- › two-dose mRNA vaccine and “Mix & Match” schedule (Vaxzevria as 1st dose and mRNA vaccine as 2nd dose),
- › two-dose vaccine (both with Vaxzevria),
- › single-dose vaccine (Janssen) + additional dose of RNA vaccine 1 month after the Janssen injection.

³ RAT = rapid antigen tests.

⁴ PCR = Polymerase Chain Reaction tests.

› CovidCheck 2G+

= Vaccinated or recovered + test, except for people:

- › who were vaccinated less than 180 days ago,
- › who have received the booster vaccination,
- › who have recovered for less than 180 days.

› CovidCheck 3G

= Vaccinated, recovered or tested.

› Children

Children under 12 years and 2 months of age are exempt from CovidCheck  2G+ & 3G
